INDEPENDENT AUDITORS REPORT

To the members of Immanual Ministries NPO

We have audited the financial statements of Immanuel Ministries, which comprise the statement of financial position as at 30 April 2015, and the statement of comprehensive and a summary of significant accounting policies and other explanatory notes, as set out on pages 2 to 7.

Members' Responsibility for the Annual Financial Statements

The organisation's management is responsible for the preparation and fair presentation of the financial statements in accordance with the basis of accounting as set out in Note 1 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these annual financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the annual financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the annual financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the annual financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the annual financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinior

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of Immanuel Ministries as at 30 April 2015, and its financial performance for the year then ended in accordance with International Financial Reporting Standards for Small and Medium-sized Entities.

Other matter

The association's management is responsible for the preparation and of the financial statements in accordance with the basis of accounting as set out in Note 1 to the financial statements. and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or

ACCOUNTING POLICIES

1 Presentation of Financial Statements

The financial statements are consistently presented on the historical cost basis. The principal acounting policies and which are consistent with those of the previous year, except where stated otherwise, are as follows:

1.1 Significant judgement and sources of estimation uncertainty

In preparing the financial statements, management is required to make judgements, estimates and assumptions that affect the amounts represented in the financial statements and related disclosures. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results in the future could differ from these estimates which may be material to the financial statements.

Critical judgement in applying accounting policies

Management did not make critical judgements in the application of accounting policies, apart from those involving estimations, which would significantly affect the financial statements.

1.2 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are tangible items that:

- * are held for use in the production or supply of goods or services, for rental to others or for administrative purposes; and
- * are expected to be used during more than one period.

Property, plant and equipment is carried at cost less accumulated depreciation and accumulated impairment losses.

Cost includes all costs incurred to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

ITEM

- Land and buildings Indefinite

Computer equipment
 Furniture and Fittings
 Motor vehicles
 Other assets
 3 years; R0 residual value
 6 years; R0 residual value
 5 years; R0 residual value
 5 years; R0 residual value

The residual value, depreciation method and useful life of each asset are reviewed at each annual reporting period if there are indicators present that there has been a significant change from the previous estimate.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss in the period.

1.3 FINANCIAL INSTRUMENTS

INITIAL MEASUREMENT

Financial instruments are initially measured at the transaction price. This includes transaction costs, except for financial instruments which are measured at fair value through profit or loss

FINANCIAL INSTRUMENTS AT AMORTISED COST

Debt instruments, as defined in the standard, are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At the end of each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If so, an impairment loss is recognised

Registrasion number NPO 065-632 Financial statements for the year ended 30 April 2015

ACCOUNTING POLICIES

1.3 FINANCIAL INSTRUMENTS (continued)

FINANCIAL INSTRUMENTS AT COST

Commitments to receive a loan are measured at cost less impairment.

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably are measured at cost less impairment. This includes equity instruments held in unlisted investments.

FINANCIAL INSTRUMENTS AT COST

All other financial instruments are measured at fair value through profit and loss.

1.4 **REVENUE**

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable for goods and services provided in the normal course of business, net of trade discounts and volume rebates, and value added tax

Interest is recognised, in profit or loss, using the effective interest rate method.

1.5 CASH FLOW STATEMENT

As the corporation's cash flow is comprehensively disclosed in the Income Statement, a separate Cash Flow Statement is considered to be of no value and is therefor not presented.
